

'Raise the Roof' Fundraising Campaign Sponsor Form

Benslow Music Instrument Loan Scheme is a not for profit charity that helps young musicians aged between 7 and 25 by lending them high quality instruments. The charity started in 1932 with the backing of Sir Henry Wood, founder of the Proms, and we have been lending instruments for the last 87 years. Currently we help over 500 students and have now outgrown our current home. Through the generous legacy of one person we are building a new one to secure the future of the instrument collection and the charity for the future. This is funded entirely from the charity's reserves.

We are asking our borrowers and supporters to help us by raising £50,000 by April 2020 to furnish the new premises that we are building. Please help us 'raise the roof' by sponsoring our fundraiser.
